INTRODUCTION

Our Club was formed in 1969 to cater for those owners of purebred dogs who were interested in trailing their dogs to Obedience Trial standard and has been very successful in this regard. On being granted affiliation with the Victorian Canine Association in 1979, all breeds whether registered or not have been accepted.

CLUB RULES

- **All dogs should be kept on leash at all times, excepted when given permission to work off leash in class.**
- Handlers wishing to leave their dogs tied up on the Club grounds should only do so if their dogs are safe with people especially children. No dog may be tied up where it can reach another dog.
- Dogs in season should not come down to training for four weeks. This does not mean you should stop the training of your dog.
- Dogs must be immunised against distemper and canine hepatitis before coming to classes. This should also be renewed yearly.
- A dog suffering from any illness or skin problems should not be brought to classes until a Vet has pronounced the condition not contagious.
- Handler must remove their dogs excreta from the training area – implements are provided.
- Physical punishment of dogs is not permitted in training classes.
- Instructors have authority over their classes and may ask a member to take their dog out of class if it is disruptive.
- Instructors are not permitted to handle and train a member's dog in class.
- **While at the grounds before and after classes please control your dogs.**

DOGS LOVE THEM!!

Variations of Cornish Pasties. Try fish rather than meat. Fish must be cooked for dogs. Raw fish works to destroy the canine system of absorbing nutrients.

Taken from the Werribee cook book

A Piddling Pup (a non)

*A farmer's dog once come to town, his Christian name was Pete,
He had a pedigree two yards long and his looks were hard to beat.*

*And as he trotted down the street 'twas wonderful to see, his works on every corner,
his works on every tree.*

*The city dogs stand looking on with deep and jealous rage, to see a simple country
dog the piddler of the age.*

*Then to show the city dogs that he didn't give a damn, walked straight into the
grocer's shop and piddled on the ham.*

*He piddled on the onions and he piddled on the floor, and when the grocer kicked

*Then all the dogs from far and wide were summoned with a yell, to sniff the country
stranger off and fudge him with their smell.*

*They sniffed beneath his stumpy tail, their praise for him ran high, but when one did
sniff underneath Pete, piddled in his eye.*

*Then all the dogs knew what they'd do, they'd start a piddling carnival and see the
stranger through.*

*But on and on went noble Pete, to piddle on every sandhill till all the city
champions were piddled to a standstill.*

*Then noble Pete an exhibition gave of all the ways to piddle like fancy flips and
double drips, and now and then a dribble.*

Then finally the city dogs said, so long friend, in piddling you defeat us!

But no one ever put them wise that Pete had diabetes
