## INTRODUCTION

Our Club was formed in 1969 to cater for those owners of purebred dogs who were interested in trailing their dogs to Obedience Trial standard and has been very successful in this regard. On being granted affiliation with the Victorian Canine Association in 1979, all breeds whether registered or not have been accepted.

## CLUB RULES

- **All dogs should be kept on leash at all times, excepted when given permission to work off leash in class.**
- Handlers wishing to leave their dogs tied up on the Club grounds should only do so if their dogs are safe with people especially children. No dog may be tied up where it can reach another dog.
- Dogs in season should not come down to training for four weeks. This does not mean you should stop the training of your dog.
- Dogs must be immunised against distemper and canine hepatitis before coming to classes. This should also be renewed yearly.
- A dog suffering from any illness or skin problems should not be brought to classes until a Vet has pronounced the condition not contagious.
- Handler must remove their dog's excreta from the training area – implements are provided.
- Physical punishment of dogs is not permitted in training classes.
- Instructors have authority over their classes and may ask a member to take their dog out of class if it is disruptive.
- Instructors are not permitted to handle and train a member's dog in class.
- **While at the grounds before and after classes please control your dogs.**

## PRESIDENTS REPORT

Hello Members

As this is my first report for the year. I would like to welcome all members new and old to the Club and wish you all the best for the year. If you have any questions about your dog or training please ask your Instructor or myself, we are only too willing to help. There is a tea and biscuits free after class so please stay back and get to know your committee and fellow members.

Our first event for the year will be our Family Fun Day on the 24<sup>th</sup> March, with a sausage sizzle and games all family members welcome. You will find the flyer elsewhere in this newsletter. Congratulations to Sue & Waldo for gaining two passes towards their Advance Rally O

I would like to let you know that there is no training on Easter Sunday the 31<sup>st</sup> March, back to normal training the following Sunday.

Happy Training  
Brian Arter

## **TRAINING NEWS AND TIPS**

All articles etc, for Newsletter to be given to Andrea Sciberras

### **Training Tip**

Training is all about teaching your canine pal something every day of its life, i e sitting before feeding, sitting when friends come visiting your house and not jumping up on them before being patted. It is best to wait until your dog is calm before being patted. When you take your dog for a walk make sure you are not being pulled along, but you do not have to have the dog heel all the time, make yourself more interesting to be with and your dog will walk nicely beside you.

Occasionally recall your dog to you on the walk this teaching your dog to come when called, do not forget to reward the dog for the behavior you want.

**Never give up training your dog, you can do it.**

### **Vaccinations**

Don't forget to have your dog vaccinated when the time comes around, to safe guard your dog while out and about, it is one of the requirements of the dog school so as soon as you have re-vaccinated your dog please show the vaccination card to your instructor.

### **To all Dog Owners**

Please don't forget to carry something to pick up the poo when walking your dog. This is required by law. You are responsible for what your dog leaves behind and fines can be hefty if you are caught not cleaning up the mess.

### Dog Treats

Hot Dogs, no name ones from the supermarket are a good training treat. Just cut them up into small pieces put them on a paper towel and pop them into the microwave for 20 seconds or until just firm not too hard. Or you can get some twiggly sticks from the supermarket and cut them up into small pieces.

### **Wholemeal Biscuits**

For the problem dog, who for digestive reasons is unable to take dry food as part of their everyday diet:

1/2 lb wholemeal flour	1/4 tspn salt
1 oz dripping or marg	1/4 pint of milk and water
1 tspn vegemite	pinch of bi-carb soda

1. Dissolve the fat, vegemite and bi-carb of soda in warm water diluted milk.
2. Mix flour, and salt
3. Add liquid and mix to a stiff paste
4. Roll out thinly cut into rounds or squares etc
5. Place on greased try and bake for 30 minutes at 350fh

Don't forget to bring some water as well as treats for your dog on training days, and a hat for you on these hot days, also if you go out to work or are away from the house for any length of time please make sure your dog has some shade and plenty of water.
