## INTRODUCTION

Our Club was formed in 1969 to cater for those owners of purebred dogs who were interested in trailing their dogs to Obedience Trial standard and has been very successful in this regard. On being granted affiliation with the Victorian Canine Association in 1979, all breeds whether registered or not have been accepted.

## CLUB RULES

- **All dogs should be kept on leash at all times, excepted when given permission to work off leash in class.**
- Handlers wishing to leave their dogs tied up on the Club grounds should only do so if their dogs are safe with people especially children. No dog may be tied up where it can reach another dog.
- Dogs in season should not come down to training for four weeks. This does not mean you should stop the training of your dog.
- Dogs must be immunised against distemper and canine hepatitis before coming to classes. This should also be renewed yearly.
- A dog suffering from any illness or skin problems should not be brought to classes until a Vet has pronounced the condition not contagious.
- Handler must remove their dog's excreta from the training area – implements are provided.
- Physical punishment of dogs is not permitted in training classes.
- Instructors have authority over their classes and may ask a member to take their dog out of class if it is disruptive.
- Instructors are not permitted to handle and train a member's dog in class.
- **While at the grounds before and after classes please control your dogs.**

### **TRAINING NEWS AND TIPS**

All articles etc, for Newsletter to be given to Andrea Sciberras

### **Training Tip**

People training their dog each Sunday are often frustrated because the dog does not do what it's been told to do. The handlers say, my dog does it at home and of course the dog does, but you need the dog to do what you want it to do when you are at the park as well. So how does one accomplish this? Take your dog to the park but don't let it off lead, instead have your dog on a longer lead so you have control. When dog takes off after another dog and won't come back when called, you will be in the position to direct the dog to the right behavior - come when called. If the dog is off lead you can't do that.

Teach your dog to sit and wait before letting it out the front door and out of the car. Do this on lead and do not make your dog wait too long before you let the dog out. Build up to longer waiting times.

Training is all about fun, repetition and patience.

**Never give up training your dog, you can do it.**

### **Vaccinations**

Don't forget to have your dog vaccinated when the time comes around, to safe guard your dog while out and about, it is one of the requirements of the dog school so as soon as you have re-vaccinated your dog please show the vaccination card to your instructor.

### **To all Dog Owners**

Please don't forget to carry something to pick up the poo when walking your dog. This is required by law. You are responsible for what your dog leaves behind and fines can be hefty if you are caught not cleaning up the mess.
