INTRODUCTION

Our Club was formed in 1969 to cater for those owners of purebred dogs who were interested in trailing their dogs to Obedience Trial standard and has been very successful in this regard. On being granted affiliation with the Victorian Canine Association in 1979, all breeds whether registered or not have been accepted.

CLUB RULES

- **All dogs should be kept on leash at all times, excepted when given permission to work off leash in class.**
- Handlers wishing to leave their dogs tied up on the Club grounds should only do so if their dogs are safe with people especially children. No dog may be tied up where it can reach another dog.
- Dogs in season should not come down to training for four weeks. This does not mean you should stop the training of your dog.
- Dogs must be immunized against distemper and canine hepatitis before coming to classes. This should also be renewed yearly.
- A dog suffering from any illness or skin problems should not be brought to classes until a Vet has pronounced the condition not contagious.
- Handler must remove their dog's excreta from the training area – implements are provided.
- Physical punishment of dogs is not permitted in training classes.
- Instructors have authority over their classes and may ask a member to take their dog out of class if it is disruptive.
- Instructors are not permitted to handle and train a member's dog in class.

- While at the grounds before and after classes please control your dogs.
- Also hitting of other people's dogs is not allowed.
- If Committee considers a dog to be aggressive then that dog must wear a muzzle while at the training ground.

Training Tips

Here are the five cardinal rules of successful positive training.

1. Give one command and only one (never sit, sit, sit)
2. Praise your dog the minute he/she starts to respond properly.
(Make the praise lavish and frequent)

3. Correct a mistake the minute he/she start to make it, not after it has been committed (always be close enough so you can correct the dog quickly)
4. Make the dog's daily training session's a pleasant experiences.
5. Apply what the dog is learning to the situation of his/her daily life right from the day you bring them home.

Training your dog requires large amounts of Patience, Kindness & Persistence

Never Give Up, You Can Do It
